

OPTION K: SURGERY

Surgery for chronic musculoskeletal disorders

- We cover initial examinations and surgery for chronic musculoskeletal disorders, if this can cure or significantly and permanently improve your condition.
- Surgery for chronic conditions diagnosed before or during the insurance period is covered.
- We also cover relevant costs for blockades, necessary follow-up, rehabilitation and one reoperation, as long as the primary operation is carried out at a treatment center referred by us.
- You must always have a valid referral from your doctor.

Option K can be subscribed to a mandatory agreement with a minimum of 25 employees and requires the purchase of option F: Treatment of chronic conditions.
